St James Updates

Term 3 Week 9

'St James School Community is committed to the Victorian Child Safe Standards.'

Dear Families,

I hope you were able to enjoy some family and most importantly, "DAD" time over the weekend.

Many of our students contributed to beautiful slideshows and various presentations about Fathers' Day and dads. I encourage all parents to check with your children and take the time to view these presentations together. There is a page attached to this Update Sheet which displays further work completed by students.

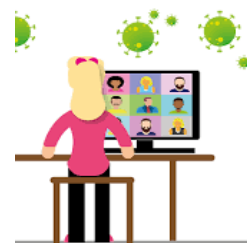

While Sunday afternoon's announcements by the premier brought little joy to us having students attend on site, I am hopeful that with rapid declining daily COVID positive test results, our students in Years 3 - 6 will be on site not long after our Prep - Year 2 students.

Here is the official information we have received so far. We will keep all families updated as soon as possible.

Final Two Weeks of Term Three and First Week of Term 4: 5th –9th October:

Remote and flexible learning will continue for all students. Onsite supervision for children of permitted workers and vulnerable students will continue to be provided consistent with existing guidelines.

Schools in Metropolitan Melbourne from 12th October – return to onsite learning: Students in Prep to Grade 2 return to full-time onsite schooling. The existing remote learning program will not continue for these year levels. Remote and flexible learning will continue for all students in Grade 3 to Year 10, other than for children of permitted workers and vulnerable students.

Dates to be confirmed, subject to health advice

All students from Grade 3 to Year 10 in metropolitan Melbourne will continue with remote and flexible learning. A date for the return of these year levels to face-to-face learning will be subject to further health advice. During the staged return, outside school hours care will be available to students attending for on-site supervision and progressively for the relevant year levels returning to on-site learning.

National Child Protection Week- A Parish Approach

6th – 12th September 2020

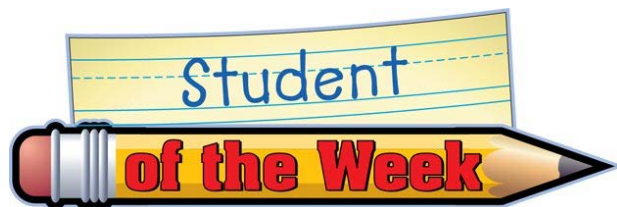

This year's theme is 'Putting Children First' and encourages us all as individuals, as part of families, organisations, communities and society on how we can prioritise children, their safety and wellbeing.

St John's Parish Safeguarding Committee has devised a family activity "The Network Hand" and encourages your family to do this activity together. Once completed you may like to decorate and colour in your hand.
